Design

Workshop facilitation,

Design research,

Flowcharts,

Wireframing,

Prototyping,

User testing,

Information architecture,

Interaction design,

Visual design

Technical

Figma,

Sketch,

HTML/CSS,

Javascript

Experience

2022 - Now

Remote

Klix • Lead product designer

Currently, I lead design in building products and experiences for customers to shop and pay with Klix. I drive the product design process from discovery to implementation. I transform abstract concepts into well-articulated, tangible solution ideas. I work closely with Product Managers and Engineers, while collaborating with and mentoring another designer.

2021 - 2022

Vilnius, Lithuania

Foros • Lead product designer

I've led the design of private forest and land management tools. Facilitated requirement gathering workshops and design reviews with stakeholders. Consulted with subject matter experts and conducted user tests. Focused on exploring design solutions that would visually communicate the functionality of property management tools.

2017 - 2021

Chicago, United States

Devbridge • Product designer

For 4 years, I worked in a fast-paced, result-oriented software consultancy to conceptualize and design complex digital products. From internal-facing to client-facing software, I designed interfaces and interactive prototypes for web, iOS, and Android. I contributed to building 10+ products in diverse industries and business environments.

Education

Tallinn, Estonia

Tallinn University

Bachelor of Arts Multimedia Communication
